

Reference Book

Client Industry & Location:

Irrigation Project for private investors,
Romania

Application:

Water supply for Irrigation

Product details :

8 sets of FVT 17M, 3 stage

Capacity: 540 m³/hr

Head: 80 m

Motor: 160 kW

Speed : 1480 rpm

4 sets of FVT 10M, 2 stage

Capacity: 180 m³/hr

Head: 76 m

Motor: 55 kW

Speed : 2900 rpm

Client Industry & Location:

Irrigation Project for private investors,
Romania

Application:

Water supply for Irrigation

Product details :

2 sets of FVT 14H, 5 stage

Capacity: 450 m³/hr

Head: 70 m

Motor: 132 kW

Speed : 1480 rpm

Client Industry & Location:

Irrigation Project for private investors,
Romania

Application:

Water supply for Irrigation

Product details :

3 sets of ES 400-450
Capacity: 2000 m³/hr
Head: 7 m
Motor: 55 kW
Speed : 740 rpm

Client Industry & Location:

Refinery Project, Romania

Application:

Boiler feed water

Product details :

2 sets of FMS 65/6M

Capacity: 50 m³/hr

Head: 359 m

Motor: 90 kW

Speed : 2900 rpm

All stainless steel CF3M material

Client Industry & Location:

Waste to heat plant Project, Netherlands

Application:

Cooling water

Product details :

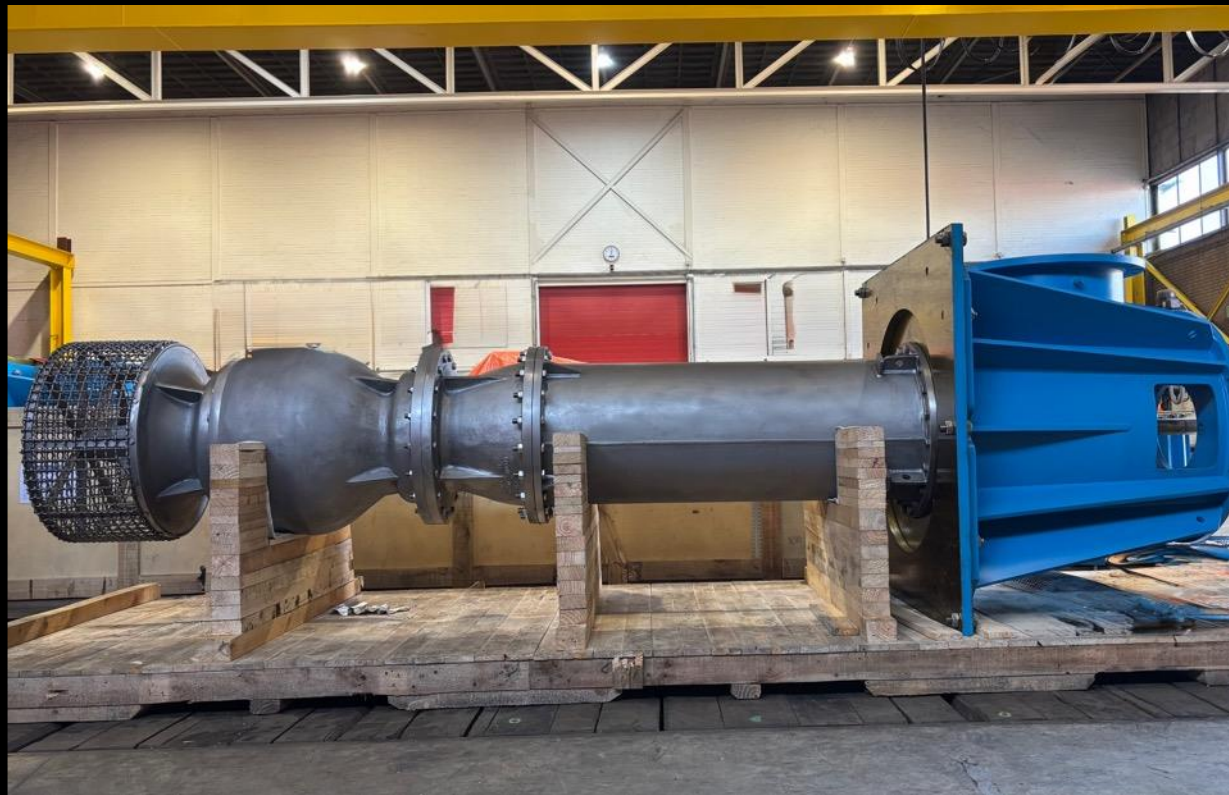

3 sets of FVT 32H, 1 stage

Capacity: 3225 m³/hr

Head: 33 m

Motor: 400 kW

Speed : 990 rpm

Client Industry & Location:

Chemical plant Project, Netherlands

Application:

Cooling water

Product details :

1 set of FVT 30HN, 1 stage

Capacity: 3000 m³/hr

Head: 25 m

Motor: 275 kW

Speed : 990 rpm

Client Industry & Location:

Power Plant, Senegal

Application:

Diesel and Gasoline unloading

Product details :

7 sets of FPES 65-200 with ATEX

Capacity: 90 m³/hr

Head: 46 m

Motor: 18.5 kW

Speed : 2900 rpm

2 sets of FPES 32-160 with ATEX

Capacity: 12.8 m³/hr

Head: 30 m

Motor: 4 kW

Speed : 2900 rpm

Client Industry & Location:

Petrochemical Plant, Asia

Application:

Cooling water Pumps

Product details :

32 sets of FVT 65M, 1 stage

Capacity: 10500 m³/hr

Head: 70 m

Motor: 2800 kW

Speed : 590 rpm

Wetted parts in Duplex Stainless steel

Client Industry & Location:

Onshore O&G Project, Romania

Application:

Fire water pump

Product details :

2 sets nos. ISO 5199
pumpCapacity: 264 m³/hr
Head: 101 m

Motor: 160 kW
Speed : 2500 rpm
All pump in Nickel Aluminium
Bronze

Client Industry & Location:

Water supply for irrigation, Romania

Application:

River water

Details :

Delta 1AF 550-450

Capacity: 2772 m³/hr

Head: 12 m

Motor: 132 kW

Speed : 720 rpm

Client Industry & Location:

Dock Shipyard, Liverpool, UK

Application:

Sea water

Details :

FVT 6310-60

Capacity: 27000 m³/hr

Head: 5.6 m

Motor: 600 kW

Speed : 304 rpm

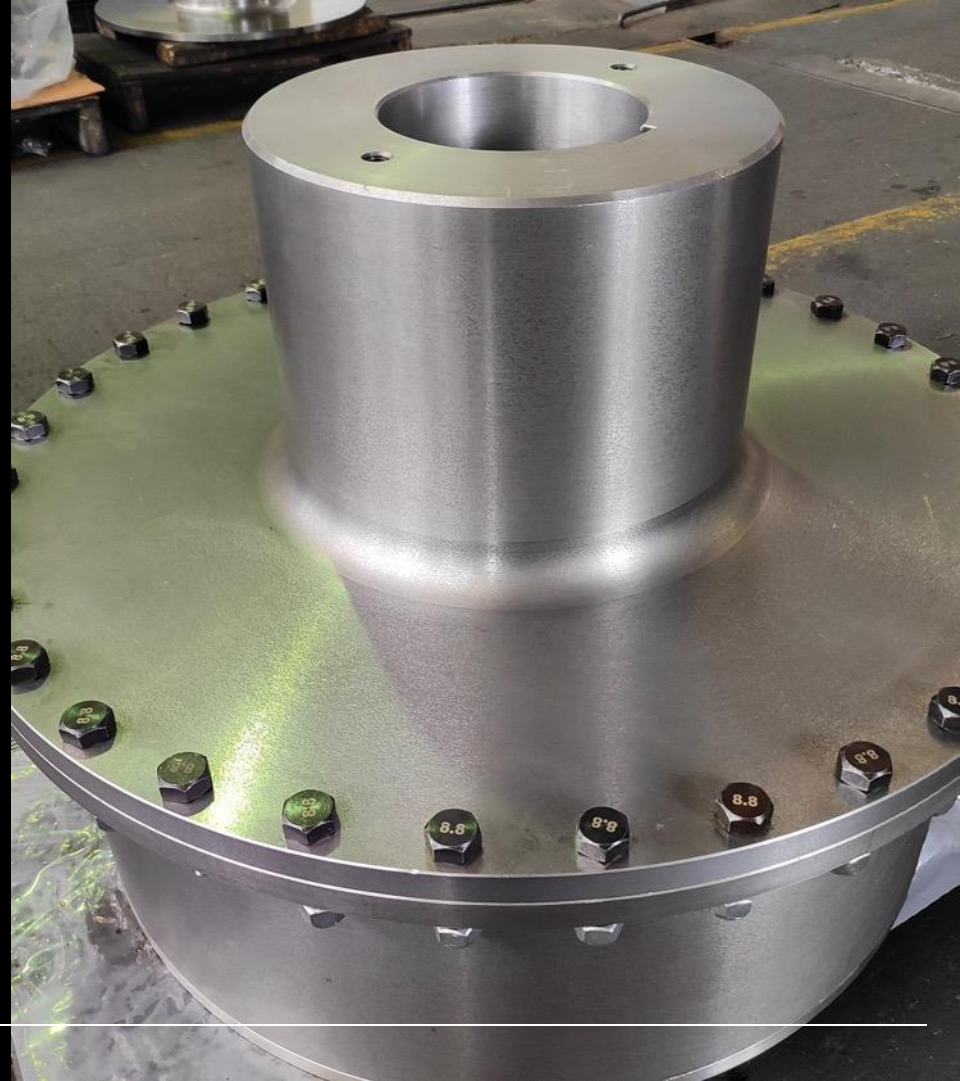

Client Industry & Location:

Onshore Oil & Gas Project, Indonesia

Application:
Compressor

Product details :
Supply of 1 no. DCB 838 coupling

The coupling diameter was 1000mm and weight was 1100 kg.

Client Industry & Location:

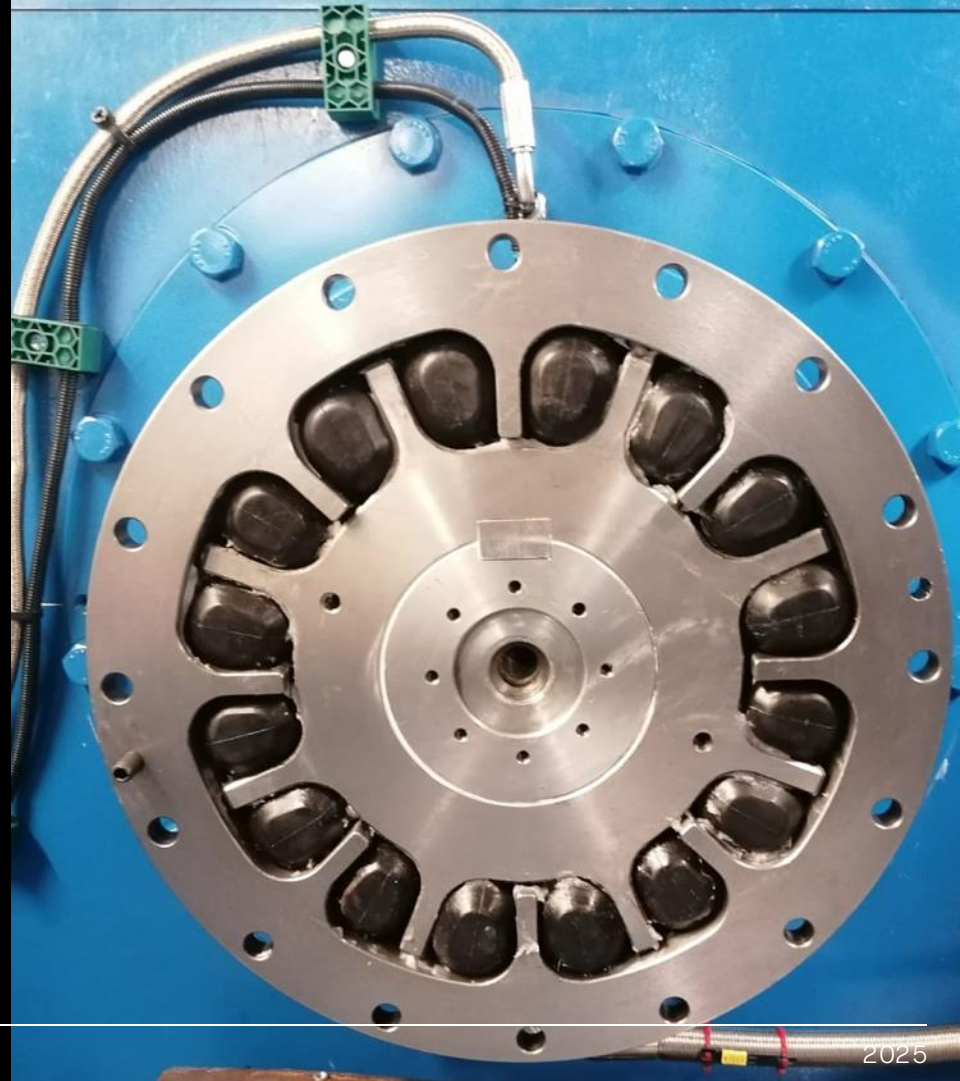

Marine Project, Europe

Application:

Dredging

Product details :

Supply of 2 nos. PCPM 40 coupling
With Flywheel design

Client Industry & Location:

Petrochemical industry Project, Middle east

Application:

HC (aromatic service)

Product details :

Size: 8" to 40" Valves with AUMA Actuators

All Stainless steel valves

Suitable for Hazardous applications

**Client Industry &
Location:**

Refinery Project,
Azerbaijan

Application:
Process valves

Product details :
122 sets of Gate, Check,
Butterfly valves in WCB and
Stainless steel

Client Industry & Location:

LNG Plant, Germany

Application:

Demin water RO system

Product details :

1 set of containerized RO system designed to the client requirements

The complete set was supplied with ATEX certification

Various Containerized Water Treatment plants supplied globally

Various Containerized Water Treatment plants supplied globally
